FTTH FIELD INSTALLABLE CONNECTOR

Singlemode SC/APC Type

Singlemode SC/PC Type

FIBER-REX FTTH Field Installable Connector (FIC) allows for fast and easy fiber termination during network installation. The precise fiber alignment (less than 1.0um) and strong fiber adaptability ensure high network connection reliability and flexibility. The connectors high first pass yield and long life span provide a cost-effective solution for field network installation.

⭐ Features

• FTTH drop cable only
• Available in SC connection type
• Long life-span
• Easy field assembly
• High first pass yield
• RoHS compliant

✅ Applications

• FTTx network application

⚙ Technical Specification

Item	Specification
IL	Average: ≤0.2dB, Max: ≤0.4dB
RL	PC: ≥40dB, APC: ≥55dB
Assembly Time	≤3 minutes
Maximum usage	5 times
First Pass Yield	≥ 97%
Tensile Strength	≥30N (Bow-type drop cable)
Operation Temperature	-40OC to +85OC
Life-span	≥30 Years
