

MODULAR PATCH PANELS

Part No.: MP3

8 PORT SC SIMPLEX / LC DUPLEX PLATE
Part No.: PLS

8 PORT ST SIMPLEX / FC SIMPLEX PLATE
Part No.: PLF

6 PORT SC DUPLEX / LC QUAD PLATE
Part No.: PLD

BLANKING PLATE
Part No.: PBK

The modular patch panel system in its basic form is supplied with the panels unloaded and without adapter plates. The panel can also be pre-loaded with any combination of 3 adapter plates of your choice, or pre-loaded with pigtails to meet your project needs. An optional simple splice management kit can also be included. The tray is locked in place with two simple to operate plastic catches. When fully extended the tray is designed to lower to 450, or by moving the tray to the side it will drop and lock to 550. This provides the perfect working platform for simple installation or easy maintenance and access even after the panel is installed in the rack.
